The UK's Department for International Trade (DIT) UN Procurement Webinar

DIT New York invites you to join us for an informational session on doing business with the United Nations. UN Procurement Division (UNPD) will discuss procurement processes and specific opportunities for UK companies in the healthcare sector. With a procurement value of \$3.9 billion last year on pharmaceuticals, contraceptives, vaccines and medical equipment in 2019, the UN is a significant purchaser of both goods and services in this sector.

A question and answer session will follow the presentation.
