## UK Pavilion at Analytica

analytica 2026  
MARCH 24-27 | MUNICH

**GAMBICA** is the Trade Association for Instrumentation, Control, Automation and Laboratory Technology in the UK. We represent the UK supply industry, with over 200 members, across the range of major multi-nationals to small and medium sized companies

Our members provide the complete range of world-class products and services for the laboratory

- ◆ Instrumentation
- ◆ Equipment
- ◆ Diagnostics
- ◆ Molecular Diagnostics
- ◆ Reagents & Chemicals
- ◆ Complete Laboratories
- ◆ Consumables & Disposables
- ◆ Furniture & Fume cupboards
- ◆ Sterilisation & Disinfection

Hall B1  
331 & 333A

We are delighted to return to Analytica 2026 and very proud to, once again, support the UK Pavilion at the world's leading trade fair for laboratory technology, analysis and biotechnology. Below you will find more information on our UK pavilion members & GAMBICA members exhibiting at analytica. To visit a company website click on the link within their listing. Or, even better, visit their stand during the show! We look forward to seeing you there.

COMMUNITY

ATC design and manufacture recirculating chillers, including a full range of low-GWP units for sustainable cooling. With 50-60Hz compatibility across models and robust heat exchanger and airblast solutions, ATC supports laboratories and industry worldwide. Global distribution and comprehensive service ensures reliable, efficient temperature control wherever customers operate.

Whether you require top or front loading, with a circular or a square chamber cross-section, and with a single chamber entry or with dual access from each end, Astell's comprehensive range of autoclaves can perfectly match your needs. An illustrious 100+ year pedigree sees Astell autoclaves used worldwide in sectors requiring precise and accurate sterilisation.

For over 20 years, Atik Cameras has been at the forefront of imaging innovation, transforming how scientists, researchers, and enthusiasts capture the invisible. Our specialized cameras excel where others fail – in the most challenging low-light environments across astronomy research, SDA, life sciences, and industrial applications.

AZoNetwork is the leading digital marketing platform for Science, Technology and Healthcare audiences. With over 75 million annual visitors across its specialized websites and 1 million+ first-party subscribers, AZoNetwork connects businesses with engaged professionals and decision-makers in industries such as materials science, life sciences, healthcare, nanotechnology, cleantech, mining, sensors, robotics, and optics.

Since 1998, Elite Thermal has delivered high-quality, competitively priced electric furnaces, ovens, and thermal analysers for demanding global applications. We specialize in custom-designed heating systems, offering outstanding customer service, maintenance packages, and full refurbishment services with over two decades of expertise.

Whether you are looking for test sieves, sieve shakers or sample processing, ENDECOTTS offer the world's finest particle analysis equipment designed and produced in Europe. ENDECOTTS test sieves meet national and international standards

Specialist distributors of high-quality Certified Reference Materials, Laboratory Instruments, and Consumables. Our commitment to excellence is reflected in our partnerships with industry-leading suppliers. We understand the importance of reliable laboratory supplies, and our team of experts are on hand to guide you in selecting the right products for your specific applications.

Firefinch Software develops custom software for life sciences companies. Our expert-led development team combines deep scientific domain knowledge with regulatory compliance and strategic insight to help you build the right product, ready to scale.

## Members at Analytica

**analytica 2026**  
MARCH 24-27 | MUNICH

**Adam Equipment** [www.aeadam.de](http://www.aeadam.de) **B2.517**

A leading, sustainability-focused global designer and manufacturer of high-quality, precision scales, balances and accessories

**Atom Scientific Ltd** [www.atomscientific.com](http://www.atomscientific.com) **A3.208**

A leading UK manufacturer of IVDR Diagnostic Stains & Reagents, Chemicals, Volumetrics, Buffer Solutions, supported by an extensive range of consumables from leading brands

**Avidity Science** [www.avidityscience.com](http://www.avidityscience.com) **B2.319**

Suppliers of a range of high-quality laboratory equipment and consumables for almost all scientific research applications.

**Elemental Microanalysis Ltd** [www.elementalmicroanalysis.com](http://www.elementalmicroanalysis.com) **A1.124**

A leading independent UK manufacturer of high quality consumable products for elemental analysers

**Goodfellow Cambridge Ltd** [www.goodfellow.com](http://www.goodfellow.com) **A1.131A**

A global leader in the supply of high-quality advanced materials

**International Labmate Ltd** [www.labmate-online.com](http://www.labmate-online.com) **A1.122**

Publishers of Laboratory journals and online media

**Johnson Analytica Ltd** [www.johnsonanalytica.com](http://www.johnsonanalytica.com) **A2.230A**

Providing fast and accurate results you can trust. A broad range of products covering everything from simple pH testing, water analysis, production processes and measurements of special food parameters

**Markes International** [www.markes.com](http://www.markes.com) **A2.225**

A global manufacturer and supplier of specialist analytical instrumentation, accessories, supplies and consumables that enhances the sensitivity and application scope of GC-MS

**Monmouth Scientific** [www.monmouthscientific.co.uk](http://www.monmouthscientific.co.uk) **B1.430**

Our clean air and containment solutions, designed to ensure safety, precision, and efficiency for critical applications – protecting what matters

**Porvair Sciences Ltd** [www.microplates.com](http://www.microplates.com) **A1.415**

Global leaders in the manufacturing and development of cutting-edge porous plastic materials and microplate technologies

**Radleys** [www.radleys.com](http://www.radleys.com) **B2.107**

Innovative chemistry equipment for safer, cleaner, greener and more productive chemical research

**Starna Scientific Ltd** [www.starna.com](http://www.starna.com) **A1.324**

Starna® Certified Reference Materials, spectrophotometer cells / cuvettes and optical components enjoy a worldwide reputation for quality, service and reliability
