

United Kingdom Pavilion

GAMBICA is the Trade Association for Instrumentation, Control, Automation and Laboratory Technology in the United Kingdom. Our insight and influence help our members to be more competitive by increasing their knowledge and impact. Together we remove barriers and maximise the market potential in our industry.

- We form a community of members and stakeholders that shares knowledge and best practice, shapes opinion and enhances the profile of our sector
- We influence policy, standards and regulation for the benefit of our industry
- We publish unique market reports and forecasts, allowing members to accurately plan future strategies and budgets
- We help members develop business by promoting our industry through exhibitions, events, publications and media campaigns

Please visit our booth in Za'abeel Hall 1, number C32. Alternatively we can be contacted at info@gambica.org.uk or visit our website www.gambica.org.uk

We are delighted to introduce the following companies, exhibiting as part of our **UK pavilion in Za'abeel Hall 1 at MEDLAB MIDDLE EAST 2022**. To find out more about each of our group participants visit their stand or click on the logo to visit their website!

Atom Scientific Ltd

Atom Scientific is a specialised manufacturer of diagnostic reagents, with over 50 years in delivering exceptional quality to the life sciences industry throughout the world

Lorne Laboratories

Lorne Laboratories is the only independent company in England that for over forty years has sought to provide a simple and total solution for Blood Transfusion professionals across the world. Lorne was created by biomedical scientists who believed that the manufacture and distribution of reagents and associated products for blood transfusion could be provided professionally, ethically and with quality at the centre of all that it did. Lorne manufacture and supply Blood Grouping Reagents and Medical Diagnostic kits domestically in the UK and to over 100 countries worldwide.

Medical Wire & Equipment

Z1.B31

www.mwe.co.uk

rseuke@mwe.co.uk

MWE has been manufacturing innovative pre-analytical, specimen collection, and transportation medical devices, for 70 years.

We are the only British manufacturer of Swabs and have been supporting governments and customers in the UK and globally.

Our range of specimen collection Swabs and media - Virocult, VCM, MM, are being used worldwide.

Novacyt Group

NOVACYT
GROUP

Z1.B42

www.novacyt.com

shiao.yee@novacyt.com

At Novacyt Group, we pride ourselves on concentrating our expertise on specific market needs. Offering a comprehensive and developing portfolio of quality products backed by proven supply and delivery services to ensure the highest possible customer service standards around the world. Our passion is for customer-centric solutions that advance the science behind diagnostics. This fuels our drive to deliver products that save lives and help fight against infectious disease.

Innovation highlights:

- PathFlow[®], offering complete solutions for the diagnosis of infectious diseases, including for the rapid detection of SARS-CoV-2
- genesig[®], for pathogen detection, food, water, veterinary and agricultural testing
- PROMate[®], a total workflow solution that includes sample preparation, qPCR amplification, and analysis on the genesig[®] q16 and q32 instruments - specifically for the detection of SARS-CoV-2
- SNPsig[®], for detecting SARS-CoV-2 variants (including Omicron and Delta) in under two hours.

Oxford Immunotec

Z1.B43

www.oxfordimmunotec.com

info@oxfordimmunotec.com

Oxford Immunotec Global PLC is a global, high-growth diagnostics company. We bring energy and invention to a world in need of diagnostic truth. We are uniquely placed as the only company in the world offering regulated ELISPOT assays for T cell measurement, with approval around the globe. Our leading product, the T-SPOT.TB test, is used for diagnosing infection with Tuberculosis, the world's largest cause of death from infectious disease. The Company is an experienced manufacturer of IVD tests, operating under a fully audited Quality Management System, ensuring rigorous batch control. The company has manufactured in excess of 20 million clinical T cell tests for TB infection. The T-SPOT.TB test has been approved for sale in over 50 countries.

Priorclave

Z1.B40

www.priorclave.co.uk

sales@priorclave.co.uk

Priorclave, one of the UK's leading laboratory autoclave manufacturers, has developed the most comprehensive range of standard steam sterilisers with models providing a wide choice of chamber sizes from 40 to 700 litre capacity. There are also a number of styles to choose from – front and top loading, circular and rectangular chambers to suit load requirements, as well as design formats from small benchtop to high capacity chambers, even autoclaves with double-door configurations.

All models are designed and built at the company's manufacturing centre in London which has the added benefit that should a customer require a special autoclave for a unique application Priorclave is able to create a bespoke build. This centre is also a UKAS accredited laboratory for calibration and performance qualification.

Pro-Lab Diagnostics

Z1.B38

www.pro-lab.co.uk

uksupport@pro-lab.com

Manufacturer and supplier of in vitro diagnostic kits & reagents for microbiology / virology: Prolex, Proflow, Microbank, Pro-Stains, Pro Rax

Rapid Labs Ltd

The logo for Rapid Labs features the text 'Rapid Labs' in a large, blue, serif font, with a registered trademark symbol. Below the text is a stylized graphic of a white, glowing sphere or lens.

Z1.B30

www.rapidlabs.co.uk

rk@rapidlabs.co.uk

ISO13485 Certified manufacturers of CE Marked Blood Grouping, Febrile antigens, latex agglutination assays and Rapid Test kits. Microbiological media, including inactivating biomolecule stabilising and fixing, compatible with all biological sample types. Products for multiomic analysis by molecular and immunogenic and histological methods. Next generation tissue fixation and biomolecule stabilisation for research applications.

Scientific Laboratory Supplies

Z1.B41

www.scientificlabs.com

bmartin@scientific-labs.com

SLS has grown to become the UK's largest independent supplier of laboratory equipment, chemicals and consumables. Because of our independence, we are unique in our approach to sourcing and supplying the highest quality, best value products and brands, providing precisely what you need, exactly when you need it. Whatever you are looking for, you can be sure our team will take care of you and provide a dedicated service that's designed entirely around you and your business.

Why choose SLS?

We are proud to offer our customers an extensive range of quality equipment from leading brands, exceptional customer service, an online and interactive catalogue and exclusive special offers and promotions.

Woodley Equipment Company Ltd

Z1.B39

www.woodleyequipment.com

sales@woodleyequipment.com

Woodley Laboratory Diagnostics specialising in niche Point of Care solutions are a master distributor of QBC dry haematology analysers, QBC fluorescence microscopy solutions, Vision Microscopes and Clinispin centrifuges.

Woodley Veterinary Diagnostics supplies worldwide veterinary distributors with laboratory diagnostic products including the InSight Veterinary Lab System (haematology, chemistry and immunoassay), coagulation, critical care, blood gas/electrolyte analysers and handheld meters.
