

GAMBICA

UK PAVILION at

MEDICA

GAMBICA

is the Trade Association for Instrumentation, Control, Automation and Laboratory Technology in the UK. Our insight and influence help our members to be more competitive by increasing their knowledge and impact. Together we remove barriers and maximise the market potential in our industry.

Please visit our booth in hall 1, number 1F03-3. Alternatively we can be contacted at info@gambica.org.uk or visit our website www.gambica.org.uk

We are delighted to introduce the following companies, exhibiting as part of our **UK pavilion in Hall 1, at MEDICA 2021**. To find out more about each of our group participants visit their stand or click on the logo!

Abingdon Health

1F03-1

www.abingdonhealth.com

info@abingdonhealth.com

Abingdon Health is a leading developer and manufacturer of high-quality lateral flow rapid tests across many global industries. Abingdon takes projects from concept through to routine and large-scale manufacturing or works with customers looking to transfer from third-party developers or manufacturers to facilitate growth plans or respond to spikes in demand.

Absolute Antibody

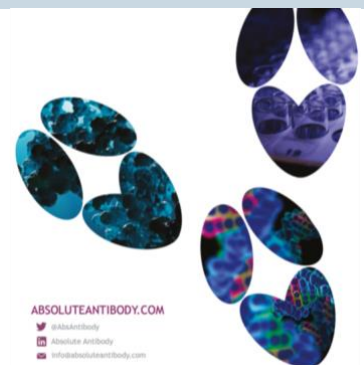

1F03-4

www.absoluteantibody.com

info@absoluteantibody.com

Absolute Antibody specializes in antibody sequencing, engineering and recombinant production. Our unique catalog of engineered recombinant antibodies and fusion proteins includes reagents such as mouse-anti-mouse antibodies for immunotherapy research and research-grade biosimilars. Our antibody engineering services include species/isotype switching, humanization, and creating custom antibody fragments or bispecifics.

ABSOLUTEANTIBODY.COM

Absolute Antibody
info@absoluteantibody.com

AgPlus Diagnostics

1F03-5

www.agplusdiagnostics.com

info@agplusdiagnostics.com

AgPlus has developed a point of care immunoassay platform using their patented electrochemistry technology. The Agilis platform offers a fast, quantitative, sensitive, easy to use POC solution for healthcare providers. Lab results at point of care. AgPlus offers contract development and manufacturing services for point of care assays.

Baltimore Innovations

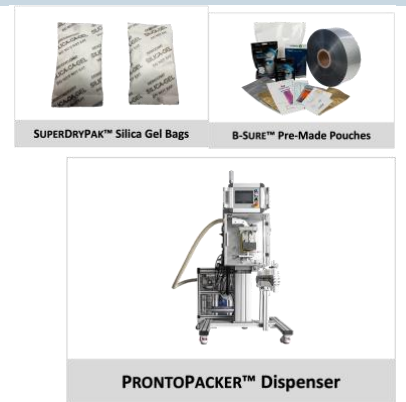

1F11-3

www.baltimoreinnovations.com

sales@baltimoreinnovations.co.uk

Experts in Moisture Control Packaging. We offer technical consultancy and products such as: Silica Gel Dessicant, Aluminium Foil Packaging & Roll-stock, Patented Dessicant Plastics, Liquid Absorbers . . .and High-Speed Dispensing Machines to automate their inclusion

Clinical Laboratory International

1F17-3

www.clinlabint.com

Trade journal for the clinical diagnostic market, providing information of direct relevance to everyone in the in-vitro diagnostics field and all related disciplines

Imutest

1F17-1

www.imutest.com

peter.mcculloch@imutest.com

Imutest offers a range of self-test/POC allergy test kits for the most common environmental and food allergens ... these are simple-to-do tests using a small finger/heel prick sample of blood with results in 30 mins

International Hospital

1F17-3

www.interhospi.com

info@panglobal.nl

This trade magazine covers all aspects of medical technology and hospital equipment and is packed with information relevant to everyone in the healthcare industry

Medical Wire & Equipment

1F17-4

www.mwe.co.uk

rseuke@mwe.co.uk

UK manufacturer of swabs for microbiology, virology and molecular platforms. The company offers high quality liquid transport media and a overwhelming capacity for peel pouch swab production.

Novacyt Group

1F11-1

www.novacyt.com

shiao.yee@novacyt.com

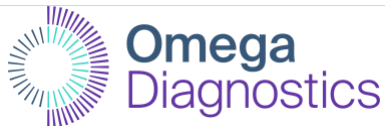

Powered by an R&D team of experienced and caring scientists, Novacyt Group aims to pioneer innovations as a strategic priority. Our state-of-art R&D enabled us to be the first company globally to respond to the threat of the global COVID-19 pandemic by developing a CE IVD molecular test for the virus.

genesig® SARS-CoV-2 Winterplex, multiplex assay that enables simultaneous real-time PCR detection of multiple winter viruses in one kit, successfully distinguishing SARS CoV-2 and all strains of Flu A and Flu B, and RSV in as quickly as 90 minutes.

PROMate®, direct-to-PCR with just one pipetting step for the rapid diagnosis of SARS-CoV-2 without the need of a CL 2 cabinet.

Omega Diagnostics Group

1F11-2

www.omegadiagnostics.com

odl@omegadiagnostics.co.uk

Diagnostic testing kits for allergy, health and well-being and global health

Our purpose is to improve lives around the world by increasing access to diagnostic tests – empowering health workers, practitioners and patients to make informed health decisions.

Informing Decisions. Improving Health.

Oxford Immunotec

1F17-5

www.oxfordimmunotec.com

info@oxfordimmunotec.com

Oxford Immunotec Global PLC is a global, high-growth diagnostics company. We bring energy and invention to a world in need of diagnostic truth. We are uniquely placed as the only company in the world offering regulated ELISPOT assays for T cell measurement, with approval around the globe. Our leading product, the T-SPOT.TB test, is used for diagnosing infection with Tuberculosis, the world's largest cause of death from infectious disease. The Company is an experienced manufacturer of IVD tests, operating under a fully audited Quality Management System, ensuring rigorous batch control. The company has manufactured in excess of 20 million clinical T cell tests for TB infection. The T-SPOT.TB test has been approved for sale in over 50 countries.

Panglobal Media & Publishing

1F17-3

www.panglobal.nl

info@panglobal.nl

Publishers of trade journals since 1977: CLINICAL LABORATORY INTERNATIONAL Trade journal for the clinical diagnostic market, providing information of direct relevance to everyone in the in-vitro diagnostics field and all related disciplines. INTERNATIONAL HOSPITAL This trade magazine covers all aspects of medical technology and hospital equipment and is packed with information relevant to everyone in the healthcare industry.

Priorclave

1F03-2

www.priorclave.co.uk

sales@priorclave.co.uk

PS range of laboratory autoclaves. Designed and manufactured in the UK and representing some of the most robust, reliable and safest sterilisers currently available

Pro-Lab Diagnostics

1F17-6

www.pro-lab.co.uk

uksupport@pro-lab.com

Manufacturer and supplier of in vitro diagnostic kits & reagents for microbiology / virology

Starna Scientific

Starna scientific

1F11-4

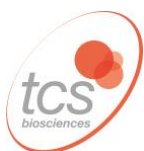

www.starna.com

sales@starna.com

- Fluorescent reference materials for diagnostic/point-of-care device validation
- UV-Visible-NIR Certified Reference Materials for instrument performance validation (ISO 17025 & 17034 accreditation)
- Quartz/glass optical components & cuvettes

TCS Biosciences

1F17-2

www.tcsbiosciences.co.uk

marketing@tcsgroup.co.uk

TCS is a manufacturer and distributor of laboratory reagents, test kits and quality control reagents for the Clinical, Pharmaceutical, Food and Water sectors. Our commitment to supplying quality and innovative products helps our customers to excel in the provision of clinical care, medicines, food and drinking water.
