GAMBICA

2026 Edition

LABORATORY SUPPLIER CAPABILITY GUIDE

Access the combined expertise of the
GAMBICA Laboratory Technology network

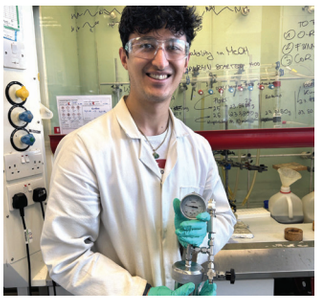

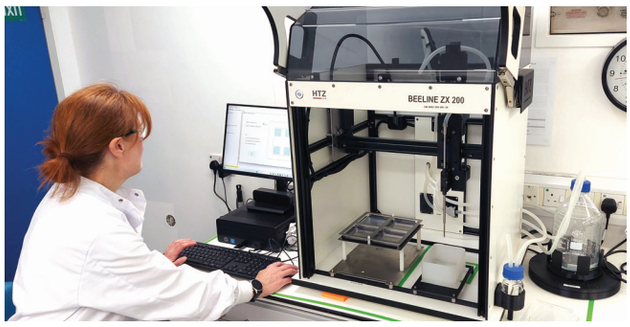

www.gambica.org.uk

Laboratory technology with international reach

GAMBICA members supply customers worldwide, giving you access to innovative, quality equipment, wherever you are

Photograph supplied by Radleys

Photograph supplied by Appleton Woods

Exports from the UK

Exporting members responding to the GAMBICA Export Activity Survey 2026 reported serving destinations across Europe, the Americas, Asia, the Middle East, Africa and Oceania.

A wider international presence

These export destinations form part of a broader global presence as international member companies can also supply customers through regional branches and distribution networks.

Find your laboratory technology partner

Explore our member directory by product and capability, then contact suppliers via the listings starting on Page 9 to discuss your requirements and availability in your market.

What you gain by choosing UK expertise for your laboratory

GAMBICA members share their perspectives on British laboratory technology

BWB Technologies Ltd

Hozan Edwards, Managing Director

"GAMBICA members combine world-class British engineering with innovation, technical expertise and long-term support, delivering reliable solutions that customers around the world can trust."

Goodfellow Cambridge Ltd

Simon Kenney, Chief Executive Officer

"Being a British company still means something in the global marketplace: precision, consistency, integrity. With GAMBICA membership, we stand alongside like-minded companies, committed to maintaining that standard."

ASYNT

Dr Kerry Elgie, Commercial Director

"Buying from a GAMBICA member gives you confidence that you're working with an organisation that values quality, technical expertise and long-term customer support. Our members don't just supply products, they work alongside customers to solve problems, develop new ideas and support innovation. Whether you're based in the UK or on the other side of the world, you're dealing with businesses that genuinely care about delivering the right solution and standing behind it."

Oxford Instruments

Jonathan Davies, Head of Quality

"Our purpose is to accelerate the breakthroughs that create a brighter future for our world – our technology and scientific expertise enabling our customers to discover and bring to market exciting new advances that drive human progress."

Astell Scientific Ltd

Paul Birchmore, Sales & Marketing Director

"Astell Scientific, like our fellow GAMBICA UK members are world renowned manufacturers of high quality laboratory equipment, with innovative designs that meet the exacting demands of modern Laboratory, Research and Medical professionals, to meet the most challenging of steam sterilisation applications."

NEXT: Explore GAMBICA Capability

Continue to the Laboratory Workflow & Capability Map, then find companies by capability or name.

Find your route through the laboratory

Match your need to a workflow stage, then use that 'W-code' in the Capability Finder.

Laboratory workflow - from plan & build to ongoing support

W1 — Plan & Build
Design, infrastructure, furniture, controlled environments and utilities

W2 — Collect & Store
Collection, identification, preservation, refrigeration and biobanking

W3 — Prepare & Handle
Pipetting, weighing, mixing, extraction, digestion and filtration

W4 — Process & Experiment
Reaction, synthesis, incubation, separation and pilot-scale work

W5 — Analyse & Measure
Analytical instruments, imaging, characterisation, testing & monitoring

W6 — Manage Data & Decisions
Sample tracking, connectivity, laboratory informatics and LIMS

W7 — Maintain, Validate & Support
Calibration, qualification, validation, maintenance and specialist support

Application Sectors

A network for you - whatever your specialism

- Academic, Research & Education
- Pharmaceuticals, Biotechnology & Bioprocessing
- Industrial, Manufacturing, Automotive & Aerospace
- Food, Beverage & Consumer Products
- Clinical & Diagnostics
- Chemicals, Petrochemicals, Energy & Nuclear
- Agriculture, Veterinary & Animal Research
- Environmental & Water
- Defence, Security & Forensic Science
- Materials, Electronics & Semiconductors

CROSS-CUTTING REQUIREMENTS SAFETY COMPLIANCE QUALITY SUSTAINABILITY

Plan, Collect & Prepare

Use W1-W3 to move from laboratory infrastructure to a sample ready for work.

W1 - Plan & Build | W2 - Collect & Store | W3 - Prepare & Handle | W4 - Process | W5 - Analyse | W6 - Data | W7 - Support

The leading community for laboratory technology suppliers and manufacturers in the UK

About GAMBICA

GAMBICA is the UK trade association for instrumentation, control, automation and laboratory technology. It represents a qualified community of manufacturers, suppliers and specialist service providers.

GAMBICA's Lab Sector is the UK's leading community for laboratory technology suppliers and manufacturers. Members gain valuable market insights, connect with key decision-makers, and strengthen your business voice through collaboration and shared expertise.

Together, we shape the future of the lab industry - from driving standards and sustainability to influencing policy and promoting innovation. GAMBICA helps your company grow, compete, and make a lasting impact in the laboratory sector.

GAMBICA Tender Alert Service

See the opportunities. Skip the searching

Available as one of the benefits of GAMBICA membership; GAMBICA's Tender Alert Service delivers comprehensive, sector-focused updates twice a week containing all relevant public tenders from across the UK and EU.

Scrutinised and cross-checked by an industry expert, the alerts are targeted to ensure they cover the areas of most interest to you. Also included is early insight into construction and fit-out of laboratories, research centres and medical facilities – to help you develop leads for when equipment purchasing begins.

Clear tables and direct links take members straight to the original tender notices and project sources. In just ten minutes a week, you can identify newly published tenders and emerging projects - without searching multiple procurement platforms.

Competitor searches are also available to help you identify potential contacts.
(Only details for companies which are not GAMBICA members will be included in competitor searches.)

TAS cuts the time it takes you to find opportunities and ensures you see everything relevant. Never miss another opportunity!

What members gain

Industry voice & regulatory insight

Help shape responses on policy, regulation and standards - and understand what changes mean for your business.

Visibility with buyers

Be found through the Capability Guide, GAMBICA channels and key UK and international exhibitions.

Learn from experts & peers

Access sector updates, peer knowledge, working groups and practical insight from experienced specialists.

Commercial connections

Build relationships with potential partners, customers and fellow suppliers in the UK and overseas.
