APPLICATION FOR MEMBERSHIP TO THE GAMBICA ASSOCIATION LTD

The GAMBICA Association Ltd (GAMBICA) is the Association for Instrumentation, Control, Automation & Laboratory Technology. Membership is open to companies established as manufacturers or suppliers of goods or services falling within one or more of the industry sectors within the scope of GAMBICA, application being subject to any further requirements imposed by that industry sector. GAMBICA is funded primarily by members' subscriptions, which are based on turnover in products and services relevant to the scope of the company's involvement in GAMBICA.

Within the industry sectors, Association Groups have been established to address issues arising within a specific area or that sector. Any company within an Industry Sector may apply for membership of the appropriate Association Group established in that sector.

A copy of the GAMBICA Memorandum and Articles of Association is available on request or can be found on our website www.gambica.org.uk. We would draw your attention at this stage to Article 7.4 - *"Any member may resign its membership by giving at least six months written notice to expire on the date that coincides with the close of any subscription year"*.

Please note that by signing this form you are agreeing to your details being held on the GAMBICA database.

If you would prefer an electronic copy of this form please contact sarah.wicks@gambica.org.uk

6. CONTACTS & INTEREST GROUPS

GAMBICA maintains a contact list of your members and their interests in specific activities. These lists are used to circulate important and relevant information (usually by email) and to advise members of the opportunity to take part in meetings.

It is therefore vital that you **complete and return the attached Contacts & Interest Group Directory as soon as possible**. These details make up your Company Profile in our database.

We will provide you with a copy of your Company Profile when your application formalities are complete and would request that you regularly review them and advise us of amendments as often as necessary.
