

**GAMBICA Association** [www.gambica.org.uk](http://www.gambica.org.uk) **Z1.C33**

GAMBICA is the Trade Association for Instrumentation, Control, Automation and Laboratory Technology in the UK.

We are delighted to introduce the following UK companies exhibiting with us at MEDLAB 2020. Please also visit our website for more information about the association and our members.

**GAMBICA**

**Astell Scientific** [www.astell.com](http://www.astell.com) **Z1.B38**

Astell Scientific is a world leading manufacturer and supplier of steam sterilizers. Autoclaves, steam generators and effluent decontamination systems (EDS) are designed to meet the exacting demands of modern Laboratory, Research and Medical professionals, and as such incorporate innovations such as colour touchscreen controllers as standard throughout the range. Autoclaves are available in sizes from 33-1400 litres and as front and top loading designs.

**Astell**

**Atom Scientific Ltd** [www.atomscientific.com](http://www.atomscientific.com) **Z1.B35**

Established in 2009, Atom Scientific is a specialist manufacturer of diagnostic stains and reagents for Life Science Laboratories. As the business has grown it has organically grown its product range to incorporate a comprehensive range of chemicals to suit our customer's needs. Our Primary Aims are to deliver Quality, Service & Cost Effective Pricing.

**ATOM**  
SCIENTIFIC

**Avacta Life Sciences** [www.avacta.com](http://www.avacta.com) **Z1.B47**

Affirmer<sup>®</sup> reagents are affinity proteins, based on a small protein scaffold engineered to bind with high specificity and affinity to a range of targets. With a rapid custom service and an online catalogue, they are used for various applications in diagnostics, drug/biomarker discovery, biotech R&D and as therapeutic agents

**Avacta**  
LIFE SCIENCES

**Biotec Diagnostics** [www.biotecdiagnostics.co.uk](http://www.biotecdiagnostics.co.uk) **Z1.B49**

High quality clinical chemistry diagnostic products such as: URIMED urine test strips & QSLAB blood grouping reagents

**BIOTEC DIAGNOSTICS UK LTD**

**Congenica** [www.congenica.com](http://www.congenica.com) **Z1.B39**

Congenica<sup>®</sup> is the world's leading software for the analysis and interpretation of complex genomic data to improve disease characterization and diagnosis. The platform rapidly transforms NGS data into actionable information, enabling professionals in healthcare and laboratory settings to maximise efficiency, increase diagnosis rates and have confidence in every clinical decision.

**Congenica**  
enabling genomic medicine

**Helena Laboratories** [www.helena-biosciences.com](http://www.helena-biosciences.com) **Z1.C31**

With over forty years of manufacturing experience in clinical electrophoresis and haemostasis, Helena Biosciences are excited to return to Dubai to announce further innovations designed to streamline laboratory workflows and improve clinical outcomes. Join our team on Stand C31 to see the future of clinical electrophoresis automation, software and applications.

Biosciences Europe

**International Scientific Supplies Ltd** [www.intscientific.com](http://www.intscientific.com) **Z1.C38**

I.S.S. are a British manufacturer of premium laboratory consumables for specimen collection, handling and transport.

Our range includes small volume blood tubes for paediatric and veterinary use. Specimen containers from 0.25ml to 5000ml including universal specimen containers. Sample handling and transport includes UN3373 approved containers, pipettes, tips, test tubes and specimen bags.

**iss**

**Lorne Laboratories** [www.lornelabs.com](http://www.lornelabs.com) **Z1.B31**

Lorne Laboratories manufacture a broad range of blood grouping reagents for blood transfusion and simple to use diagnostic kits. We supply these at affordable prices and back this up with excellent customer service. We currently sell our products in over 110 countries around the world. All our products are CE marked.

**LORNE**  
LABORATORIES

**LTE Scientific Ltd** [www.lte-scientific.co.uk](http://www.lte-scientific.co.uk) **Z1.C39**

LTE products include a wide range of autoclaves for general laboratory, medical, process and high security applications. Standard sizes go from 23 to over 1,000-litres and are offered with either a cylindrical or square-section chamber. A wide range of options can be added to tailor each autoclave to meet client requirements. We also design and manufacture custom autoclaves with chamber sizes up to 10,000-litres. Our thermal products include ovens, incubators, cooled incubators, drying cabinets, freeze-dryers, medical warming cabinets and endoscope storage cabinets, all of which are built to the highest standard to ensure long life and optimum performance.

**Novacyt Group** [www.novacyt.com](http://www.novacyt.com) **Z1.C30**

Novacyt is a rapidly growing, international diagnostics group, generating revenues from the sale of clinical products used in oncology, microbiology, haematology and serology testing. The Group has considerable experience in the development, manufacture and commercialisation of molecular, protein and whole-cell diagnostic products and aims to become a leader in developing new products for the infectious disease and oncology testing markets.

**NOVACYT**  
GROUP

**Omega Diagnostics Group** [www.omegadiagnostics.com](http://www.omegadiagnostics.com) **Z1.B48**

Our mission is to improve human health and well-being through innovative diagnostic products and global partnerships. Omega is focused on providing specialist products, primarily in the immunoassay, *in-vitro* diagnostics (IVD) market within three segments: Allergy, Health & Wellbeing and Global Health.

Immunotec

**Priorclave** [www.priorclave.com](http://www.priorclave.com) **Z1.B30**

Priorclave, a British engineering company, firmly established as a truly international supplier of laboratory autoclaves and research steam sterilisers. From its dedicated design and manufacturing facility it produces more than 60 standard autoclave designs including benchtop machines, top loading autoclaves, front loading designs as well as large rectangular chamber autoclaves, pass-through and stackable autoclaves.

**Priorclave**

**Rapid Labs Ltd** [www.rapidlabs.co.uk](http://www.rapidlabs.co.uk) **Z1.B34**

Rapid Labs is an independent medical diagnostics business established in 2008, engaged in the production and worldwide distribution of quality diagnostic reagents, blood grouping antisera, test kits, dehydrated culture media, EIA, rapid tests, Molecular sample prep & veterinary test kits. Our packaging division specialises in vials, bottles, atomisers in glass, PET, HDPE, LDPE and dropper/pipette assemblies & closures.

**Rapid Labs**

**WEQAS** [www.weqas.com](http://www.weqas.com) **Z1.B32**

Weqas is one of the largest External Quality Assessment (EQA) providers with over 50 years of experience in Quality Assurance, providing solutions in Laboratory Medicine. Our services: Laboratory EQA; Point of Care (PoCT) EQA; Reference Measurement Services; Internal Quality Control (IQC); Quality Control Reference Material (QCRM); and Education and Training
