

FIND OUT HOW EFFECTIVE USE OF AUTOMATION CAN INCREASE PROFITABILITY IN YOUR BUSINESS

**JOIN US ON 26TH MAY TO SEE HOW YOU CAN ACCESS 400 FREE HOURS OF SUPPORT FROM
OUR ROBOTICS EXPERTS**

WHAT'S THE OFFER?

We're offering free consultancy to anyone with a concrete idea, challenge or who would like to increase productivity through automation. Big manufacturers, SMEs, start-ups and everything in between can apply for support.

HOW DO I GET FREE SUPPORT?

Come along on 26th May to the MTC's first 'Open Lab' event to find out how you can apply for support.

On the day, you can benefit from a one-to-one meeting with robotics experts from the UK and Europe, who can help you apply for a further 400 hours of support. You will also have the opportunity to secure further development assistance up to a value of €150,000 per project.

WHY ARE WE OFFERING FREE CONSULTING?

The MTC has joined forces with three of Europe's leading research organisations in an EU-funded project to speed up the development of new robotic technologies & increase the competitiveness of Europe's manufacturing sector.

To that end, the EU is providing funding, which you can benefit from directly to support your business growth.

So don't miss out - book your place today!

SOUNDS TOO GOOD TO BE TRUE - WHAT'S THE CATCH?

- No catch
- Simply join us on 26th May to learn more, then it's up to you to decide whether you would like to be involved in this fantastic opportunity.
